STATE ROAD BILL IS ABOUT READY

Conference Is Whipping Measure Into Final Form; May Report It Today.

MAY ADJOURN ON SATURDAY

Some Hold Out Hope of Quitting This Week but Extension Regarded Likely.

SENATE VOTES ITSELF COIN

Measure Passes to Pay Members \$6 a Day While Session Is Prolonged.

World's Capital Bureau, Bureau House, Oklahoma City, March 12.—The road bill is about ready to go. Both houses adjourned early today in order to permit those who had ideas on routes to go before the conference committee and present their views. As a result, the committee room in which the conference was sitting, was lighted up until late tonight.

It is expected that the bill will be reported out of the conference tomorrow and there are those here tonight who are so optimistic that they look for adjournment by Saturday. But the majority is against them and there are few "observers" who believe the session can be concluded before next week.

The members of the house who had differences with the committee in the matter of routes, besieged the conference room during the afternoon and the conference was held until late.

The controversies now are largely matters of routes and when these are finally disposed of the measure will be ready to go in for final passage.

Object to Auto Tax.

The motor truck business will be met if the proposal to increase the automobile license tax is embodied in the good roads bill.

This is the gist of the arguments contained in the hundreds of letters and telegrams which are pouring in to members of the conference committee on the good roads bill, from all parts of the state. They are asked to put forward their best efforts to see to it that house bill 509 which provides the tax, is killed unceremoniously.

A hurried poll of members of the legislature today indicates that the measure has no chance of final passage.

Report Sanatorium Bill.

The bill providing \$300,000 for three tuberculosis sanatoriums was reported favorably today by the senate appropriations committee. The house bill provides that one of the sanatoriums be located at Fairbairn, Le Flore county. The senate committee struck out this provision by a vote of 7 to 6. One of the sanatoriums is to be for negroes under the senate amendment.

Senator H. H. Hall of Osage county introduced an amendment which would have converted the university hospital in Oklahoma City into a tuberculosis sanatorium. A special board is to determine the site upon which the hospital is to be located.

THE TEST

You can brag about the famous men you know. You may boast about the great men you have met—Parsons, coquette and wife, stars in historic show. Millionaires and navy admirals, and yet Fame and power and wealth and glory vanish fast. (They are interests that were never made to stick.) And the friends worth while and true, are the happy smiling few Who come to call upon you when you're sick.

You may think it very fine to know the great. You may glory in some leader's words of praise. You may tell with eyes aglow, of the noble men you know. But the true friends seldom travel glory's ways. And the few you're lying pale and dying still. With a fevered pulse, that's beating double quick. Then it's you must depend on the old familiar friend. To come to call upon you when you're sick.

It is pleasing to receive a great man's nod. And it's good to know the big men of the land. But the test of friendship true isn't merely to be seen. And willingness to share you by the hand. If you want to know the friends who are true. And the faithful from the doubtful you've picked. It is to be a really task; of yourself you'd best ask. "Does he come to call upon me when I'm sick?" TWO SUSPECTS TO FACE WOUNDED MAN

Negroes Arrested at Sapulpa for the Robbery of Interurban Conductor Will Be Brought Here.

Sheriff Wooley will go to Sapulpa today to get two negroes who have been arrested there, suspected of holding up and shooting Ted Wright, the conductor of an interurban car, near Red Fork Tuesday night.

The sheriff has been advised, and no account is given of their whereabouts at the time of the robbery. When brought to this city they will be taken before Conductor Wright for identification.

Conductor Wright was resting at the Tulsa hospital last night. He and Motorman Green got a good look at the negro highwaymen, under the light of the motor car and it is thought they will have no difficulty in identifying the right men.

The bloodhounds brought from the state were not able to take up the trail, owing to so many people having passed over the ground where the robbery occurred.

Neither the sheriff's department nor the Tulsa police had obtained any clues on the case last night.

Troops Arrive

NEWPORT NEWS, March 12.—The transport De Kalb, formerly the German ship Prince Eitel Friedrich, completed an 11-day voyage from St. Louis, landing here about 1,200 soldiers of whom 600 were the 1st field artillery brigade headquarters, headquarters company of the 11th field artillery, both parts of the 11th trench mortar battery, and the Williams, one of the 17 wounded men, had 18 bullet wounds in his body he received at Chateau Thierry.

JURY IS CHOSEN IN I. W. W. CASE

Eleven Farmers and Cattle Raisers Are Picked to Pass on Evidence.

WOULD QUASH INDICTMENT

Counsel for Defendants at Washington Makes Motion; Pollock Rules Later.

SEIZED PAPERS DEMANDED

If Request Is Granted Government Would Lose Much of Its Evidence.

WICHITA, Kan., March 12.—The

jury which will hear the cases of 22 alleged members of the Industrial Workers of the World, on trial in federal court here charged with violation of the espionage act, was obtained tonight. Eleven farmers and cattle raisers and the twelfth a cattle raiser.

George E. Vandever, of Seattle, chief counsel for the defense, questioned all the prospective jurors at great length, seeking to learn their views on socialism, economics, the principles of the I. W. W., and the non-partisan league.

Vandever began by attacking the validity of the indictments and demanded the return of all papers and documents taken from the prisoners at the time of their arrest by federal agents.

This included all data gathered in the southern Kansas and Oklahoma fields, he said.

Two other motions were filed by Vandever. One was to dismiss the case because the facts do not constitute a cause for action. The other alleged that the government had seized papers which may have affected the jurors' minds.

Judge Pollock announced, however, that before arguments could be heard on the motions the jury would be impaneled.

"If the motions are sustained the jury will be dismissed," Judge Pollock said.

The demand for the return of the papers is based on the contention that the search warrant under which they were seized was faulty. If the court should order the documents and papers returned it would deprive the government of practically all its evidence against the defendants.

Governor Robertson, of Oklahoma, is attending the trial and will testify for the government, as will Mark Requa, federal oil administrator.

The jury was sworn to, but CONTINUED ON PAGE THIRTEEN

Ninetieth Division Troops in New York

NEW YORK, March 12.—With 139 troops, the 90th division arrived here today from St. Nazaire, France. Included in the 215th trench mortar battery, three officers and 175 men of the 90th division (national army troops of Texas, Arizona, New Mexico and Oklahoma) for Camps Bowie, Dix and Travis.

Oklahoma Guards Start Homeward Trip From France

WASHINGTON, March 12.—The homeward movement of three additional national guard divisions, the 30th (Tennessee, North Carolina and South Carolina), 36th (Texas and Oklahoma) and 37th (Ohio) has begun. Several units of these organizations were included among the 600 officers and 12,000 men whose departure from France on seven transports was announced today by the war department. The vessels are due at New York and Newport News between March 17 and 24.

The southern troops will land at Newport News and go to camps in Virginia and Texas, while the Ohio units will land at New York and proceed to various camps. Other units of these divisions are expected to sail from France soon.

MAY NOT ACCEPT HUN SHIPS HELD IN CHILE

Hurley Estimates Cost of Repair Would Be Too Heavy for Period of Use That Would Be Allowed.

ALLOCATION IS ANNOUNCED

Assignment of Intersected Transports to U. S. Is Announced by Allied Commission in Paris.

WASHINGTON, March 12.—The American government may not accept the 199,000 or more tons of German shipping in Chilean waters allocated to it by the allied shipping commission. Chairman Hurley, of the shipping board, said tonight final action would depend upon both the condition of the grant and the ships.

Mr. Hurley explained that the original proposal, made when he was in Europe, was for the United States to take over the ships and use them until the peace treaty was signed, when title to them would be determined. This offer was refused by Mr. Hurley who believed that the use for so short a period would not justify the board in standing the expense of the repairs.

Information that the ships finally have been allocated to the country has just been received at the state department. Mr. Hurley immediately ordered an examination of the vessels to determine the extent of repairs that would have to be made. Since the vessels have been tied up for more than four years, most officers believe their engines are in very bad shape and their hulls also have been more or less damaged.

The exact conditions under which the ships have been allocated to this country have not been transmitted to the shipping board.

Historians estimate that 100,000 German transatlantic shipping now in German ports has been allocated to the United States.

CLAIMS LEAVENWORTH FIRE IS INCENDIARY

Acting Warden Lays Loss of Frame Building to I. W. W.—Loss Is Not Regarded Heavy.

LEAVENWORTH, Kan., March 12.—Fire, announced by Acting Warden J. J. Fletcher, as being of incendiary origin, destroyed the one-story frame building at the federal prison housing the steel shop, stone mill and broom factory, late this afternoon. For a time the prison power plant also was threatened, but the flames were controlled after burning the roof from the power plant. Loss to buildings and mechanical equipment is estimated by the acting warden at \$48,000.

When the fire was discovered shortly after 3 o'clock, Mr. Fletcher said, the partition between the stone mill and steel shop was found to have been saturated with gasoline.

The prisoners observed order during the attendant confusion. Mr. Fletcher said. An investigation to determine responsibility for the fire is under way.

"There is no reason further than an I. W. W. spirit to which I can ascribe the fire," Mr. Fletcher said.

Forms Marine Program

WASHINGTON, March 12.—Men confined at the federal prison here for violation of the espionage act and for military offenses are receiving civility from the department of justice and the war department, it became known today. In some instances immediate discharges are being granted, but in the majority of cases sentences are being ordered. About 20 cases have been acted upon so far, according to J. J. Fletcher, acting warden.

LOAN CAMPAIGN LASTS 3 WEEKS

Secretary Glass Announces Date for Next Campaign, April 21 to May 10.

FIVE-YEAR NOTES OFFERED

Securities Will Not Run Beyond That Period; To Tell Full Details Later.

PEOPLE'S SUPPORT ASKED

Treasury Would Relieve the Banks of Burden in Order to Carry on Business.

WASHINGTON, March 12.—The Victory Liberty loan campaign will open Monday, April 21, and close three weeks later—Saturday, May 10.

Secretary Glass announced the dates tonight, together with the fact that short term notes maturing in not over five years would be issued instead of longer term bonds. The amount of notes to be offered was not disclosed, but it has been generally understood that the loan would be for a minimum of \$5,000,000,000, with the treasury reserving the right to accept all oversubscriptions.

Mr. Glass said the interest rate on the notes and the amounts to be emitted from taxation would not be determined until a week or two before the campaign, as they would be based upon financial conditions at that time. He indicated, however, that the notes might bear interest in excess of 4 1/2 per cent, the interest rate on the third and fourth loans.

Short-Term Notes.

"After studying financial conditions in all parts of the country," said Mr. Glass, "I have determined that the interests of the United States will be best served by the issue of the five-year or shorter term notes rather than of longer term bonds, which would have to bear the limited rate of interest of 4 1/2 per cent."

The Victory Liberty loan will, therefore, take the form of notes of the United States maturing in not over five years from the date of issue. These notes will be as valuable as the cash bonds, the direct promise to pay of the United States, and will be issued both in registered and coupon form, and the coupon notes will be in final form and will have attached the interest coupons covering the entire life of the notes. I am hopeful that the notes in final engraved form will be ready for delivery by the opening of the campaign on April 21.

Short-Term Better.

"I am led to adopt the plan of issuing short term notes rather than longer term bonds largely because of the fact that I believe a short term issue will maintain a price at about par after the campaign is concluded far more readily than would a longer term issue."

"I take this opportunity to repeat that it is the intention of the treasury department to carry on the same policy of intensive campaign for distribution as heretofore. It would be a most unfortunate occurrence if the people of the United States failed to take these notes, thus placing the burden of subscriptions on the banks. The business of the country looks to the banking system for credit wherever to carry on its operations, and if this credit is absorbed to a large extent by the purchase of government securities, there will be many limitations placed upon the supply of credit for business purposes. Our merchants and manufacturers need ample credit for selling their goods, and the benefit of the wheels of industry in motion for peace time production and distribution and the wage-earner is directly interested in seeing that these wheels are kept moving at a normal rate in order that full employment at good wages may continue."

"I therefore ask the American people since again to give their support to this great loan by making an overwhelming success by the widest possible distribution."

WAR SHOW CROWD TO SEE DAD TONIGHT

Baby Tanks, Airplanes and Fireworks.

Baby tanks, airplanes and "Daddy" Flynn will be the star features at the war show at Third and Eighth streets at 8 o'clock tonight.

Before the battle of Bismarck begins the great health humorist, who has been entertaining big crowds at the high school auditorium all this week, will go before the grandstand and give the big crowd one of his typical talks on how to keep young and beautiful.

This will be an opportunity to see two big shows at once, for "Daddy" Flynn is a show all to himself as well as an intellectual treat. He will say some of his wittiest things tonight and will demonstrate some of his exercises for keeping up "pep."

When "Daddy" has finished the fireworks will begin and the soldiers will come from the trenches and charge upon the imaginary German lines, while bombs and shells are hurled through the air and the well-known rings with the roar of cannon. The baby tanks will crash through the barbed wire entanglements and an airplane will maneuver above the heads of the audience.

Those who have not seen the war show or who have not heard of "Daddy" Flynn should not miss this opportunity to enjoy both at one time. "Daddy" doesn't charge any admission, but there is an admission to the war show for the benefit of the soldier memorial fund and "Daddy" wants to help them. The war show ought to have its record crowd tonight.

Advance Copy for Big Shriner Edition Starts Coming In

Some red hot stuff, prepared by the best writers of the city, is being contributed to the Shriner special edition of the Tulsa World, which will be issued at an early date.

Editor sketches of well known Tulsa citizens are included in the advance copy and there are some stories that make the red hot tip back and the war shudder with glee.

Reservations of advertising space in this edition indicate that it will be representative of the commercial greatness of Tulsa and a souvenir which the Shriners will be proud to send to their friends at other places.

The edition is to be handled entirely by Shriners and the editorial and business staffs are now getting down to their work in splendid shape.

All Nations in Europe, Asia and South America Asked to Come.

PARIS, March 12.—The supreme council today discussed the aerial terms to be imposed on Germany in the peace preliminaries, according to official announcement. The articles drafted by the military experts were examined and adopted.

PARIS, March 12.—Recommendation that the navigation of the Rhine be opened to all nations without discrimination was made in a report to the peace conference today by the commission on the international regime of waterways, railways and ports. It is suggested that the Rhine be controlled by a commission similar to the Danube commission.

The status of the Kiel canal has been settled by the commission on the basis of the freedom of use for all nations for merchant vessels or warships in time of peace. The canal will continue under German ownership and operation.

The question of the fortification of the canal is left by the commission to the decision of military and naval experts.

The report of the commission was not favorable to allowing the Belgian claim that special duties be imposed on German vessels. The report further recommended that a general conference be called within a year to deal with all questions pertaining to the navigation of international waterways which are regarded as too intricate or complex to be settled finally within the limited life of the peace conference.

The council has decided that the question of the Turkish boundaries shall not be passed upon by the boundaries commission, but shall be acted upon by the supreme council.

The boundary between Albania and Yugoslavia also has been reserved for action by the supreme council because of its many complexities.

The council is to withhold the Turkish question until the Turkish question is settled.

RAILWAY SHOP EMPLOYEES ASK FOR WAGE ADVANCE

WASHINGTON, March 12.—Spoken for about half a million railway shop employees presented arguments to the board of railway wages and working conditions today in support of their demands for a general wage increase from the basic rate of 68 cents to 85 cents per hour, increase for express employees will be recommended by Director General Hines by the railroad administration wage board.

The only other important wage question now pending before the administration is that involving the four leading trainmen's brotherhoods for adjustments to restore old wage relationships and for time and a half for overtime.

ANTI-BOLSHEVIST MEETING IN NEW YORK BROKEN UP

NEW YORK, March 12.—Bolshevik sympathizers broke up an anti-bolshevik meeting in Webster hall here tonight, at which Mrs. Catherine Hruschowsky, "grandmother of the Russian revolution," and General Gucharsky, former commander-in-chief of the Russian military district of Kiev, were speakers.

Holding from the floor developed into general violent abuse of the speakers. The police endeavored to keep order, but this action brought renewed and more vigorous outbreaks. Finally the hall was emptied.

President's Ship Delayed, But Will Reach France Late Today—Will Proceed to Paris at Once.

BREST, March 12.—A wireless message, received here from the U. S. S. George Washington timed 11:30 a. m., Wednesday, says that the steamer is delayed and is not expected to reach Brest until Thursday evening. There is a stiff breeze blowing here with heavy seas.

Responding to a message from the mayor of Brest, President Wilson agreed to proceed from the quay to the railroad station, but the late arrival of the George Washington will likely prevent this. The president will probably enter the train at the quay.

PARIS, March 12.—President Wilson will be met at Brest by the French minister of marine, Georges Leygues, Capt. Andre Tardieu, Col. E. M. House and his son-in-law, Gordon Auchincloss, who left Paris by special train this evening.

President Poincare, with a guard of honor and band, will meet President Wilson at the Paris station on the arrival here Friday, probably between 11 o'clock and noon. The reception will be unofficial.

The steamer George Washington is expected to reach Brest about 8 o'clock Thursday night, the president going immediately in a special train which will make a slow trip to the French capital.

Bolsheviks Renew Fight.—The bolshevik forces adopted new tactics last night, carrying out a night bombardment of the allied position on the railway front. The enemy shelled these positions from 11 o'clock until 1 in the morning without doing any damage. Quiet prevails in the Vaga and other sections.

Towns Outside German Capital Reported in Grip of Strike Revolt.

LACK OF FOOD IS CAUSE

Washington Hears That Something to Eat Rather Than Bolshevism Starts Fight.

BERLIN, Tuesday, March 11.—The Spartacists have opened negotiations for surrender to the government forces, according to reports in circulation this afternoon.

LONDON, March 12.—Riots have occurred in various German towns outside Berlin and a Spartacist revolt has broken out in Hamburg, according to an Exchange Telegraph dispatch from Copenhagen. The riots are said to have resulted from a general strike supported by the Spartacists.

The behavior of the Spartacists in Lichtenberg was worse than the bolshevik cruelties in Russia, Berlin advisers received in Copenhagen and transmitted by the Exchange Telegraph company say. All well dressed citizens appearing in the streets were robbed and many were killed. Several persons were decapitated and the heads were carried through the streets by female Spartacists. The government troops, it is added, continue to kill every prisoner they take.

WASHINGTON, March 12.—Strike outbreaks in Berlin have been due primarily to lack of food and not to communistic bolshevik propaganda, according to advice to the state department today from Copenhagen, reporting conditions in Germany as witnessed by an official. Published reports as to the bloodshed in Berlin, according to these advisers, have been greatly exaggerated.

LONDON, March 12.—A government wireless dispatch received here this afternoon says that according to official announcement, up to Tuesday afternoon, there had been no more important fighting anywhere in Berlin. A night attack on the staff quarters of the government troops in the suburb of Neukolln was frustrated.

There were occasional unprompted engagements in Charlottenburg and various places in east Berlin. Published reports as to the bloodshed in Berlin, according to these advisers, have been greatly exaggerated.

The Berlin newspapers, the dispatch continues, says the Spartacists visited Herr Noske, secretary of military affairs, last night to inquire into peace conditions. It is rumored that Herr Noske demanded unconditional surrender of the Spartacists and also possession of all their arms.
